

Debbie Danner

2019 Treasure Lake Board of Director's Candidate

My name is Debbie Danner. My husband Ron and I lived most of lives in the Kansas City area. We started coming to Branson with our daughter 25 years ago, drawn to its beauty and atmosphere. Ron and I became members of Treasure Lake 4 years ago, excited to provide a safe, fun-filled vacation spot for ourselves and our family.

I hold a Master's degree in special education and retired from teaching in 2010, ending a 34-year career. I then worked for 2 years as an activity assistant then activity coordinator/volunteer coordinator in the memory care unit of our local nursing facility.

During my teaching career, I was chairman of and served as a member of numerous committees, including fundraising, school safety, staff morale and building improvements. I worked closely with administration, teachers, support staff and parents to ensure quality education and adherence to federal and state guidelines.

Treasure Lake is extremely important to me. It is an oasis in an otherwise crazy world, and I am committed to the improvement of this oasis. As a volunteer last year with activities and serving breakfast at the Lodge and currently as a work camper and facilitator of the ladies bible study I've had the opportunity to view the park from the camper's to the staff's point of view. I am excited for the growth and new events on the horizon, but as with any growing entity, adjustments need to be made to accommodate its positive growth. I would appreciate your vote in the upcoming election to serve and be your voice on the Treasure Lake Board as we continue to make Treasure Lake the very best it can be!
