

Gary Walker  
Treasure Lake  
Board of Directors  
Candidate

Having been members of Treasure Lake for a number of years my wife and I have enjoyed the park and Branson and have been pleased with the positive changes we've see the past couple of years.

Although there have been positives, we have come to believe that the future will require some new more progressive thoughts to help continue the needed growth and guidance for Treasure Lake to become even greater and allow all members and their families to enjoy the great opportunity we are able to share. With that said, I've been asked by a number of people to run for the Board of Directors.

I've had the good fortune to serve a number of companies in my professional career and have been able to acquire, through training and continuing education courses, the following;

- Retail and whole sales and management
- Personnel and budgetary responsibility including formation of a national network of sales people calling on retail stores in thirty-one states
- Acting as director of an organization with more than 150 employees. Writing training manuals and HR guidelines. Negotiating contracts with multinational corporations and providing feedback on implementation of programs.

I have been HOA board member and President of two groups.  
Enjoy camping, golf NASCAR and college football.
