

My name is Kent Pratt. Over the past almost 3 years, I have served on your board of directors. During the current year I have had the honor and privilege of serving as its president. Outside of Treasure Lake, I serve as a volunteer congregational care minister (CCM) at my home church, the United Methodist Church of the Resurrection in Leawood, KS. My duties as CCM are mainly in the areas of addiction recovery and grief support. I retired in 2017 as the Director of Purchasing Operations at the corporate offices of Leggett and Platt (a Fortune 500 company) in Carthage, MO. I just recently retired after 48 years of officiating high school and college level basketball and volleyball. I have been married to my wife, Pam, since 1982. We have two wonderful daughters and one terrific grandson.

The question that most people will ask me is: Why are you seeking another 3-year term on the board of directors at Treasure Lake? My initial reaction is: "I have no idea why I want to put myself thru that again." Because, as you all know, it really does not matter what the BoD decides, some owners are not going to like it. But my honest answer is this: We have accomplished quite a bit during the last 3 years:

- 1) As you know, working with our general manager thru the pandemic of 2020 was an incredibly challenging ordeal, but, working together, WE MADE IT!!
- 2) During the current year, while serving as president, along with the cooperation of our general manager, your board of directors have initiated a long-range planning committee to make sure that we are always looking into the future of the park, while taking care of our current business plan.
- 3) Your board has also put together a committee to revise our storage contracts to ensure that we are doing all we can to make our storage facility accommodating while enforcing rules that seem to be appropriate to all owners. That revision should be complete and implemented by this year's annual meeting.

The bottom line is this: I would very much like for you, the owner, to show enough confidence in me to grant me another 3 years in this important leadership position. Not because I have any agenda other than doing the best I can to work with the other members that you have selected, but because you have supported me over the past 3 years, and you would support me for the next three. For me, serving in this position, is just that.... SERVING. If you would honor me by electing me, I will serve proudly. If, on the other hand, you decide that three years of my service is enough, I will 100% support those whom you do elect because I love Treasure Lake and believe that whoever is elected will serve the owners and make decisions that they feel is best for this wonderful place. Thank you in advance for your consideration of my re-election!
